Philips
Surge protector

PowerSquid

5 outlets

SPR5510

TV/DVD/Portable Power Protection

918 Joules/36,000 Ampere

This surge protector offers flexible power. Engineered to be the most sophisticated and complete power multiplier, its flexible arms transform the static power strip into a dynamic power delivery device.

Built-in convenience
- 1 m power lead
- Power indicator light
- Right angle plug
- 5 flexible outlets
- Protection indicator light

Dependable protection
- £50,000 equipment warranty
- V3 Advanced Surge Technology
- Power blocker
- 40 dB EMI/RFI noise filtration
- Master on/off switch

Ideal for coax and broadband
- Coax line protection

PHILIPS

Specifications

Packaging dimensions
- Packaging dimensions (W x H x D): 17.1 x 48.3 x 10.2 cm
- Net weight: 1.179 kg
- Gross weight: 1.338 kg
- Tare weight: 0.159 kg

Outer Box
- Outer carton (L x W x H): 50.5 x 19.1 x 32.7 cm
- Net weight: 3.537 kg
- Gross weight: 4.014 kg
- Tare weight: 0.477 kg

Product highlights

£50,000 equipment warranty
Protects your connected equipment for the life of the product.

V3 Advanced Surge Technology
This new surge protection technology provides 27% greater surge protection capacity and better heat dissipation for safe, more reliable and longer-lasting surge protection.

Power blocker
This automatic shutdown technology senses when the device has reached capacity and automatically shuts down electricity to your equipment. It protects against subsequent surges, even if you are not present

40 dB EMI/RFI noise filtration
Built-in filtering technology ensures the best performance from your components. It guards against signal interference and loss of data. The higher the dB rating the better the noise reduction.

1 m power lead
Provides power to the unit which can be 1 m from the AC outlet.

Master on/off switch
This master switch controls power to the outlets on the surge protector.

Power indicator light
This LED alert lights up to indicate that the surge protector is drawing power from the AC outlet.

Coax line protection
Connectors route the coaxial signal through the surge protector to protect against surges and spikes.

5 flexible outlets
Five outlets on separate leads that are all adapter-spaced accommodate multiple devices without crowding.

Protection indicator light
This LED alert lights up to indicate the surge protector is working properly.
